# A VOICE FOR GOOD GOVERNMENT IN WISCONSIN

The League of Women Voters of WI Education Network is a nonpartisan organization. While the League never supports or opposes candidates or political parties, we do take stands on political issues that we have studied. The League lobbies local, state and national government for legislative changes.

Since 1920 the League of Women Voters of Wisconsin and our local Leagues throughout the state have participated in grassroots movements including voting rights, voter education, individual liberties, nondiscrimination, affordable childcare and healthcare, mental health parity, stewardship of natural resources, and land use reform.

*"Now, more than ever, intelligent dialogue between people of different parties is crucial."*
